

SET TIME/DATE allows you to (re)set the instrument date and time. Time is set by inputting a certain amount of digits. Possible inputs are 4, 6, 8 and 12 digits. To set hours and minutes, input 4 digits. To set day of month and time input 6 digits. To set month, day and time input 8 digits. To set year, month, day and time input 12 digits. In all cases seconds can be set by separating them with a dot. The format can be seen below.

We thrive in information-thick worlds because of our marvelous and everyday capacity to select, edit, single out, structure, highlight, group, pair, merge, harmonize, synthesize, focus, organize, condense, reduce, boil down, choose, categorize, catalog, classify, list, abstract, scan, look into, idealize, isolate, discriminate, distinguish, screen, pigeonhole, pick over, sort, integrate, blend, inspect, filter, lump, skip, smooth, chunk, average, approximate, cluster, aggregate, outline, summarize, itemize, review, dip into, flip through, browse, glance into, leaf through, skim, refine, enumerate, glean, synthesize, winnow the wheat from the chaff and separate the sheep from the goats.
